Bateria / Drum Cover

survivors?
Am I here alone?
Oh love
It comes and goes
But no one never tells you how to learn to let go
Well
the bridge is burning
And the wheel keeps turning
Quicker than it did before
Your heart screams "yes"
Your head says "no"
And you're never really sure
Well everybody's running
But you don't know why
Time is running short
Everybody's looking for a place to hide
So there's no one left at all
And I say
oh
oh oh
Are there
any survivors?
Am I here alone?
Yeah I say oh oh oh
Are there
